

TRANSACTION PROCESS & EXECUTION FRAMEWORK

XECUIT HOLDINGS LLC – OPERATIONAL MANDATE

Xecuit Holdings LLC operates a disciplined, multi-stage acquisition process designed to evaluate, structure, and execute transactions with speed, precision, and certainty. The firm applies a consistent underwriting and execution framework across opportunities, enabling efficient decision-making while maintaining rigorous analytical standards.

Xecuit's process is designed to minimize disruption to the target business while providing clarity to sellers, advisors, and counterparties at each stage of engagement.

1. Preliminary Evaluation

Initial review of opportunity based on available materials. Assessment against investment criteria and platform strategy. Identification of key value drivers, risks, and strategic fit.

OBJECTIVE: Rapid qualification and alignment on advancement. **Timeline:** 24–72 hours

2. Indication of Interest (IOI)

Submission of a non-binding indication of interest where appropriate. High-level valuation range and preliminary transaction structure. Identification of key assumptions and areas for further diligence.

OBJECTIVE: Establish early alignment on valuation and process.

3. Supplemental Information Review

Targeted follow-up on incomplete or missing materials. Refinement of underwriting assumptions based on additional data. Focused interaction with advisors and/or management as needed.

OBJECTIVE: Develop sufficient visibility to support formal proposal.

4. Letter of Intent (LOI)

Submission of a non-binding Letter of Intent outlining key economic and structural terms. Definition of transaction framework, including capital structure and key conditions. Establishment of exclusivity period, where applicable.

OBJECTIVE: Formalize alignment and transition to confirmatory diligence.

5. Confirmatory Diligence

Comprehensive financial diligence, including Quality of Earnings analysis. Operational and commercial diligence focused on sustainability and scalability. Management interviews and site visits. Validation of key assumptions.

OBJECTIVE: Validate core investment thesis. **APPROACH:** FOCUSED, HYPOTHESIS-DRIVEN

6. Transaction Structuring & Documentation

Finalization of transaction structure aligned with business objectives. Coordination with legal, tax, and advisory teams. Negotiation and execution of definitive agreements.

OBJECTIVE: Translate agreed terms into executable documentation.

7. Final Approval & Closing

Final internal review and capital alignment. Execution of definitive agreements. Coordination of closing logistics and funding.

OBJECTIVE: Efficient closing with minimal execution risk.
