

# TRANSACTION PROCESS & EXECUTION FRAMEWORK

## XECUIT HOLDINGS LLC – OPERATIONAL MANDATE

Xecuit Holdings LLC operates a disciplined, multi-stage acquisition process designed to evaluate, structure, and execute transactions with speed, precision, and certainty. The firm applies a consistent underwriting and execution framework across opportunities, enabling efficient decision-making while maintaining rigorous analytical standards.

Xecuit's process is designed to minimize disruption to the target business while providing clarity to sellers, advisors, and counterparties at each stage of engagement.

### 1. Preliminary Evaluation

Initial review of opportunity based on available materials. Assessment against investment criteria and platform strategy. Identification of key value drivers, risks, and strategic fit.

**OBJECTIVE:** Rapid qualification and alignment on advancement. Timeline: 24–72 hours

### 2. Indication of Interest (IOI)

Submission of a non-binding indication of interest where appropriate. High-level valuation range and preliminary transaction structure. Identification of key assumptions and areas for further diligence.

**OBJECTIVE:** Establish early alignment on valuation and process.

### 3. Supplemental Information Review

Targeted follow-up on incomplete or missing materials. Refinement of underwriting assumptions based on additional data. Focused interaction with advisors and/or management as needed.

**OBJECTIVE:** Develop sufficient visibility to support formal proposal.

### 4. Letter of Intent (LOI)
