Nathaniel Brown  
Head of Acquisitions  
Xecuit

**Re: Non-Binding Letter of Intent**

Dear Mr. Brown,

On behalf of the Momentus Capital family of companies, we present this Non-Binding Letter of Intent to provide Xecuit Holdings LLC ("Xecuit" or the "Buyer") access to funds we would otherwise have rights over assuming certain other requirements are met to support the acquisition of the target company (the "Company").

**About Momentus Capital**

Momentus Capital is transforming how capital and investments flow into communities to provide people access to the capital and opportunities they deserve. Through our family of mission-driven organizations including Capital Impact Partners, CDC Small Business Finance, and Ventures Lending Technologies, we are working to reinvent traditional financial systems that have failed to address systemic issues of inequality, economic empowerment, and the widening racial wealth gap.

Each organization under the Momentus Capital brand operates as a separate entity, but clients have access to a continuum of financial, knowledge, and social capital to help local leaders build inclusive and equitable communities and create generational wealth. This includes a comprehensive package of loan products, impact investment opportunities, training and business advising programs, and technology services that advance locally-led solutions. Momentus Capital's Impact Investments line of business jumpstarts growth-stage, for-profit businesses with diverse leadership and/or operating in communities of color, providing tailored solutions to fit businesses' needs.

**Our interest**

Momentus Capital has been approached by the Buyer to participate in financing the purchase of the Company. Given our previous transaction history with the Buyer, subject to a number of factors, including mutual agreement on economic terms, mutual agreement on modifications to our current investment agreements with one of Buyer's portfolio companies, mutual agreement on definitive documentation relating to an investment in the Company and completion of satisfactory due diligence investigations of the Company, we would provide the Buyer with access to funds which we would otherwise have rights over in connection with our prior investment in one of Buyer's portfolio companies.

This non-binding letter of intent does not constitute an offer and is solely for discussion purposes. It shall not be construed as creating any obligations on any party whatsoever, and shall not be binding on any party.

Thanks and best wishes,

Yrenilsa Lopez

Capital Impact Partners and Subsidiaries and CDC Small Business Finance Corp.

## Consolidated and Combined Statements of Financial Position

December 31, 2025 and 2024

# Capital Impact Partners

## A Community Development Financial Institution (CDFI)

The 'A+' rating assigned to Capital Impact Partners (CIP) and CDC Small Business Finance Corp. (CDC), collectively known as Momentus Capital, reflects its strong revenue defensibility and financial performance, which are bolstered by ongoing demand for access to capital and community-focused lending. Momentus Capital exhibits a stable operating profile, reflecting its lending products, grants, and other sources of revenue. Fitch Ratings also affirmed the 'A+' rating on Capital Impact Partners Investment Notes (Investment Notes). The Rating Outlook is Stable.

Fitch affirmed the 'A+' Issuer Default Rating (IDR) under its recently updated Public Sector, Revenue-Supported Entities Ratings Criteria (Revenue Master Criteria), published on April 27, 2023, which now includes a new appendix that provides additional, transparency and guidance for assessing community development financial institutions (CDFIs) within the methodological framework of the Revenue Master Criteria.

Strong asset quality, a healthy capital base, profitability and a strong leverage profile, all key drivers, are stable with upward potential. Earned income and liquidity exposure are also factored into the rating. Further, Momentus Capital has prudently managed its operations, as evidenced by its strong management of finance and loan performance, as well as good standing with federal oversight provided by the Department of Treasury's CDFI Fund.

Fitch rated the Investment Notes in 2022. As of Dec. 31, 2022, noteholders held \$203.7 million in total notes outstanding. Accordingly, an aggregate principal amount of \$146.3 million of Investment Notes remains unsold. The amount of notes available for purchase varies depending on the amount of notes sold and that mature and are repaid during the offering period.

The leverage associated with the notes is factored into the rating and does not have a material impact on the financial profile. CIP primarily uses the notes to fund initiatives that meet critical needs in low-income communities across the U.S. Fitch's analysis is based on results of CIP and CDC combined, which comprise the designated obligated group, although only CIP is an obligor under the notes.

### Security

The obligations are secured by CIP's full faith and credit pledge, payable from all legally available revenues and assets.
